DUBLAN MAN HAS A NARROW ESCAPE

Nearly Drowned in Sonora. Stake Presidency Party Leaves Town

Colonia Dublin, Mex., Sept. 11.—Timothy Jones and party have returned from a trip to Sonora. They say the roads are very heavy in some parts. While there Mr. and Mrs. Jones were visiting with Horace Curtis on the opposite side of the river from town. The river rose suddenly. Horace, who is an expert swimmer, went in first, and he freed himself from the saddle and swam to shore. The horse was carried down stream for some distance, then found footing on a pile of rubbish and was rescued alive.

The stake presidency and party left for Sonora. W. Darby Johnson and Bishop Romney of Colonia Diaz expect to meet the company near Las Varcas and go with them to Colonia Morelos. On their return, they will go by way of Colonia Diaz.

LACK OF INTEREST IN STATE EXHIBIT

Because there were only five real estate men present at the meeting which was called Saturday afternoon to arrange for an El Paso exhibit as a part of the permanent Texas resources display, this city will probably not be represented in the state exhibit. M. M. McFarland, of Uvalde, and O. L. Williams, of Houston, were here to secure assistance in getting an exhibit from El Paso for the state wide display. A meeting of the real estate men was called, but as only a few answered the call the matter was dropped.

AVIATOR BUYS WINTON

When Glenn H. Curtiss placed his order with the Winton Motor Car Company for a Winton Six, a fine compliment was paid to the Winton motor. Probably no man in America has given closer attention to gasoline motors in recent years than Curtiss. He has built many of them himself and has tried many other makes. In his air work he required motors of absolute dependability; he did not dare go it blindly or "take a chance." Curtiss' car is a 1912 five-passenger golden brown Winton Six.
